

Tale of a Reluctant Antichrist

Alarm goes off at 6 a.m.
I put the kettle on again.
I shave and bathe and shave
The shaving it seems never
ends.

And neither do the pictures in
my mind
if you can call it that
I can't make a connection
But that happens a lot

It won't be long before
The fire hits the sea
Father McConnell
Can you help me please?

There seem to be a lot of gaps
Filled in by things I don't want
to see or hallucinex?
Is it Armageddon Now?

I'm pretty sure I didn't ask for
this
Why they run away
All this death and destruction
But that happens a lot

It won't be long before
The fire hits the sea
Father McConnell
Please say it isn't me

Oops! / I'm pretty sure it
wasn't me, I'm really skeptical
Apocalyptic

Zoinks! / I'm not sure it wasn't
me / Maybe it's seasonal
Maybe it's reasonable

Kung Fu Robot Ellipses
Wouldn't it be nice to have a
home / Wouldn't it be nice to
take a ban / On a new life in
particular, a life with you

Got a confession at your
behest / It's a concession –
just one request / I have this
thing for Asian porn sci-fi kung
fu

You understand you are my
love to be
And maybe someday you'll
make love to me
When I wake, you and me,
alone ... with

Kung Fu Robot Tittles
That's all I want to see
Kung Fu Robot Tittles
That's my fantasy

Tiny, Shiny, Robot, Tittles
Wouldn't it be nice to have a
home / Wouldn't it be nice to
take a ban / On a new life in
particular, a life with you

We could be happy as we
could be
Sit on the couch – Japanese
TV

I have a great surprise, this
brand new DVD
Renzo

Down at the park you look so
enticing / Sugar cone with
chocolate icing / Couple of
roses I drop while I'm passing
the merry-go-round

You seem not to know of my
existence / Soon you will
understand persistence
We will be bound together in
ways that you never have
dreamed

We'll take long walks on the
beach
glasses of white wine just in
reach
Sit on a bench - enjoy the
stars

then we'll take our leave
And watch TV / Discovery /
A&E / QVC / History / Comedy
/ NBC / ABC / MTV / Court TV

A drive in the country – can
you hear the creek? – can
you wipe a little dust speck off
my nose?
This is the moment I've
dreamed about – us in the here

and the now

You're going to be with me
forever
I found me, alone together
Even the end of the world
couldn't stop this from
happening now

We'll watch TV / Just you and
me / Together we / Eternity

We'll watch TV / No way to
flee / We're bound to be
Eternity

What More Now?
I can't let you hurt me like so
many times before
That look pierces white hot
skewers right into my skull
You sucked out my soul with a
pinot noir

You ate my self-respect with a
pinot noir
There ain't nothing left for you
to take from me no more

You stole my copy of "Pet
Sounds," from my room

What more can you do to me
now? / Try it! Name it! Do it!
Now!

You tore out my heart just like
that guy in "Temple of Doom"
Smashed my head and
splattered dignity all over the
place

You Yokoid my band like I
knew you would
You fed on my love just
because you could
There ain't nothing left of me
for you to break no more

The one thing that you gave
me - made me itch
Alien Firetruck

Blah blah blah blah blah
Blah blah blah blah blah
Blah blah blah blah blah
Blah blah blah

Bucket of Puppies

I got a bucket of puppies, I
bought it for you
To show my preciation for the
things that you've done back, and
you are my best friend

The teenest queen debacle
thing to come on the scene
You are just like my
Samantha, my little Jezebel
if I could be your Darren I
would follow you to Hell
I'll take you out to dinner, I'll
take you to the wharf
But soon you know just what
this puppy bucket is for

Baby get off the phone
Cause I'm ready to bone
I got a bucket of puppies, and
a bone
Got a bucket of puppies, and a
big ol' bone
I got a bucket of puppies – half
a dozen

Penis Euphemism Song
Summertime in the city
Everyone's having lots of fun
Barbeque in the back yard
Try to stay out of the sun

All of the girls are looking
pretty white, or black, is their hair
All of the guys in shorts and
goggles
Tattoos on everyone – most
everywhere

I want my earring back
I want my nose ring back
I want my tongue post back
I want my ... watch

Summertime in the City
She got drunk and left me
again
I think she wants to go with the
drummer
I think she wants to go with
Tobey Maguire

I woke up this morning in a
kitchen
I don't know the what, why or
where
I seem to be missing lots of
personal things
Oh my god!

I want my earring back
I want my nose ring back
I want my tongue post back
I want my ... Penny loafers

I want my ...
Dick Tracy
I couldn't put my finger on that
John Thomas to the principal's

office
Chubby, Checker was not blind
Peter, Paul and Mary never
found the Johnson pierced

Picnic of the Insane
You seem to think you're the
center of everything
Everything about you really
around you
super sucks
Everything about you sucks
to get the rest of it
dupur sucks

I've got nothing to say (that I
haven't said already)
I've pretty much said it all (to
you)
That one little phrase (I said it
already)
That pretty much says it all

Stand Tall
I wish they made soda cans
out of lead
It's good for the kids
Make the homeless work a bit
for their money – pushing that
heavy cart around
Vehicle ownership should shift
to the honor system – no keys
no locks

Then I could drive whatever I
liked
Things would be much better
Stand tall and be counted
Let the sun wash over me
Let my heart soar wild and
free

From the mountains to the sea
When people cut me off or
tailgate I don't get mad
I pull up next to them and
wave and give a long, creepy,
crooked smile
They think I'm going to kill
them
Sometimes when they really
deserve it I throw my beer at
them
Lawless bastards

Stand Tall
When I first met you darling
there was
Something about you
I couldn't put my finger on that

They make you wait 15 days

to get a handgun
But I'm angry now
My life philosophy is based on
Keanu Reeves
I never shoot someone if it's
going to be right in California
like it here – I want to stay
California's a happy place

Stand Tall
Boredom is the curse of the
intelligent
I wish I were a cat – I ate mine
They screwed up my order at
the drive-through – that's ok
if they could afford qualified
help it wouldn't be so cheap!
I've been told you can't kill
people who are annoying you
there's something wrong with
that

I want this to be a better world
along)

Love Is
Love is quiet and true
Love ain't just something you
feel
It sounds in not what you say,
but do

Love is like a fine wine
Patience, will to be true /
And love ain't something I feel
for you

And that's how it is
I have stepped off the edge
Once and twice and again
Eyes closed and love did not
pursue

I won't do it again
Real love's too precious to
lose
So love ain't something I want
from you

Then again, tomorrow
Then again, today
